THE MATTAPOISETT HISTORICAL SOCIETY

Each exhibition put on by the Mattapoisett Historical Society not only arouses interest in the progress of our young society and draws in special loans, but invariably we acquire gifts of value and significance, worthwhile additions to our small but growing collection, adding to our knowledge of the history of the town and the life of its people.

This year was rich in some special gifts: From Mr. John H. Bates of Marion many tools used in shipbuilding. These belonged to his great-great uncle, Jonathan Hiller, who lived in Cannonville and used these tools in his work in the Holmes Shipyard.

From Mrs. Ethel Barlow, the logbook of the Schooner Clarence, Capt. Bourne of Mattapoisett its master.

From Mrs. Ella Oliver Vaughan a fine old brass warming pan which came down through her family, the Olivers.

From Miss Alice Cannon an ivory swift made by her father, Thomas Cannon. This swift differs from those we have, for it clamps to the edge of a table.

From Mrs. Bertha Holmes a quaint three-tiered sewing box topped by a pincushio

From Mr. Carol Harrington an antique baby carriage in the form of a quaint little

PATIENT AT HOSPITAL

Mrs. Esther Charron of Acushnet Road, Mattapoisett is a patient at St. Luke's Hospital, New Bedford.

LETTER TO THE EDITOR

The Presto Press
Mattapoisett, Mass.

Dear Sir.

A recent article in the Standard Times stated that the chairman of your board of Selectmen has no idea where the money is coming from to clean up after hurricane Donna.

With your budget nearing 1/2 million dollars annually from 2,500 residents, all departments operating in the red, a soaring tax rate in excess of $80.00, before the Regional School doors are even open (doubled since 54), large increases in assessments along with apparent sweetheart contracts I should think the selectmen would be more concerned where their next pay check is coming from.

In Marion we suffered considerable damage and our bill for clearing up of hurricane debris is $5,000 while your estimate was $20,000 although I find your figures are not complete as of date.

The magazine Business Week, June 15th, 1960, stated and I quote "In our most recent Federal Government Survey the findings were that New Bedford is the 2nd most depressed area in the country" which of course does affect Mattapoisett's economy and with that report along with Mattapoisett's financial dilemna I would suggest an immediate economy drive by all residents.

Marion is a well organized town and I would suggest that residents compare the town reports including our real estate tax pages to yours for the first step in economy.

Sincerely
Charles W. Beardsly
